Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am currently a student from UKZN, Edgewood Campus. I'm doing my third year in the course of the Bachelor's degree in Education.

I really need a supportive background since the funding does not meet my needs. I am very talented and skillful, moreover I am a fast learner. I think that I'm capable of doing any work with complementing training. I'm from a very poor family and there's less or no support from them. I'm not recognized by people but I can assure you that I have skills like teaching and training learners for academical development and assessment. I can offer skills to teach and help learners towards their curriculum in English and Social Sciences subjects during afternoon classes as these are my subject specialization.

I'm very competent and sincere towards my work of teaching learners and motivating them also. So I am looking for a part time occupation but that will offer financial freedom and support. I vow that I can assist learners in different schools around Durban and Pinetown.
