

jobin.co.za

I am looking for a job with excellent services, comfortable work space. A job whereby I can learn from and groom from it, allow me to show my skills. I am a very work ethic person therefore a place that can challenge my ability to work hard to get where I am going might be a plus 1 for me. I am a very selfless person I don't take no for an answer (only when it's necessary to do so).
