What job i'm looking for? My positive points

I'm looking for a job where I can interact with people. I understand/know customer's preferences. I know how to deal with difficult employees or customers because I was self-employed where I was planting veges. I know what customer's want but I had to quit because of lack of income as some customers were not paying their debts on time.

I have matric and completed human resources management in 2018 hammanskraal icollege. I have completed business management in 2021 ESM training and also attended its workshop. I have computer literacy skills. I was working as a school assistant then our contract terminated in April 2021.

I'm people person. I'm focused, hardworker, self-confidence and team player.
