What job i'm looking for? My positive points

I am a hard working, honest and enthusiastic employee, always willing and ready to learn new things. I am a very interesting individual that is always ready to encourage other workers on their jobs. I am also a very fast learner and a very reliable individual. I have a lot of skills and I am also a people's person as the job I am currently working in requires us to work with people from the community. I am not lazy and I am a very trustworthy person. I tend not to get involved in office politics but I have the motto of work is work and what needs to be done before the day ends should be done to the best of my abilities. I love socializing and also know when it is time for play and when it is time for work. I am able to work with anybody and have a good work relationship, I am always open to new opportunities and believe in growing in a company and in order to grow one requires to be disciplined and have firm self-discipline installed for themselves in that way I am able to work and stay focused. I am disciplined in everything I do and ensure that I complete all tasks allocated to me neatly and professionally.
