Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am confident that my exceptional communication and presentation skills, both written and verbal, would allow me to convey complex technical information in a clear and accessible manner. As a problem solver, I possess strong conflict resolution skills, enabling me to address issues efficiently and effectively. My leadership and interpersonal skills make me a valuable team player, always attuned to the smallest details that can make a significant difference.

In my previous roles, I have honed my time management, planning, and organizational skills to ensure efficient project execution and timely delivery. I have consistently demonstrated a customer service orientation, ensuring that end-users receive prompt and satisfactory support. This ability to work under pressure, coupled with my reliability and results-driven nature, has allowed me to meet and exceed expectations consistently.

What truly sets me apart is my enthusiasm and personal drive for excellence. I thrive on challenges, always seeking opportunities for personal and professional growth. My management and organizational skills have been instrumental in optimizing processes and enhancing productivity in my previous roles.

Moreover, I have a strong background in computer hardware and software, including expertise in internet applications, networks, operating systems, troubleshooting, server and PC maintenance, database administration, Active Directory, Office 365, email exchange, printer management, remote support, PBX, and even Photoshop. This knowledge equips me with the technical competence to excel in this role and provide exceptional support to your organization
