Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am writing to express my interest in the available position at your company for someone who has recently graduated from high school. As a matriculant, I am eager to start my career and make a meaningful contribution to a company like yours.

Although I have limited work experience, I believe that my strong work ethic, determination and willingness to learn will make me an asset to your department. In addition to my personal qualities, I have National Senior Certificate [MATRIC], Certificate of CPD [Hazard Identification & Risk Assessment] as well as Code 10 with PDP. These developed several technical skills that I believe will be valuable in this position and will prove my strong commitment to perform my responsibilities in a well professional and effective manner.

Thank you for considering my application, I look forward to hearing from you soon.
