Curriculum Vitae (CV)

What job i'm looking for? My positive points

I consider myself a highly motivated, disciplined, focused, and pleasant individual. I am dedicated and committed to achieving goals on time. I aim to exceed expectations through my performance and believe that through my knowledge and skills, I would make an immediate positive impression. Problem solving, overcoming challenges, and versatility are strengths that I possess because I can efficiently function in a team, individually, or work well under pressure.

I have completed my Bachelor of Science Honours Degree in Forensic Genetics (Postgraduate 2023) and Bachelor of Science Degree in Cellular Biology and Genetics (Undergraduate 2020 - 2022) at the University of Kwa-Zulu Natal, Westville campus. The foundation of my achievements lie in the ability to organize, prioritise, and use my initiative to be able to meet the demands of the job title. My sound academic qualifications and experience gained are complemented by my drive, ambition, and leadership skills to ensure I manage to deliver in any organisation. Having a scientific and technical background, I have been equipped with essential laboratory techniques and skills. I am keen to begin working at a company/facility/program that will provide me with experience and proper training in the applicable field.
