Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a first time job seeker and I am looking for a job in line with logistics particularly in warehouses or factories. I'm very profound with the systematics of the distribution and production of goods. I've just done a year at Nelson Mandela University and I have acquired basic knowledge of the supply chain as I had one module that based on the supply chain and I'm very enthusiastic and eager in acquiring skills in that line of work.
