Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a law student, a highly driven individual who enjoys challenges and discovering solutions to problems I may potentially face. I commit to each task I come across and aim to proudly complete it successfully. My possession of communication and leadership skills allows me to face each obstacle head on and to stand out from my peers. , I am a great at multi tasking hence I am able to balance between books and work. I love children wholeheartedly and with the skills I've acquired from my own academic journey, I will be able to impart knowledge on your children, I will also teach them kindness and humility. I always aim to complete whatever I have started as giving up is not something that I am familiar with. Those are the kind of values that I would impart on my future employers` children and my potential future `` siblings`` as I will always treat them like that, If you hire me I promise to give your children both love and respect. I will also educate them to the best of my abilities.
