Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for an electrician job, I studied electrical infrastructure and construction. I understand how electricity work. I have done many practicals I did Direct online, I did oscilloscope inspection, PLC circuit, I did motor testing, single face motor, I did different kinds of wiring. I know and understand that in the construction work safety always come first. And house keeping as well, i also know that it very important to always wear your PPEs when working. I am familiar with the construction work, that make the right person you should hire, with my knowledge and the knowledge I will get from your company we can take your company to the next level. I'm a very hard working individual. I can work in heights and in any weather conditions because I am flexible and I adapt easy to new surroundings.
