

Azhar Hoosen

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I completed my BSc Mechanical Engineering (Hons) at the University of KwaZulu-Natal. My final year project has been the development of the Scorbot Desktop Robotic Arm. I take pride in my meticulous work and am passionate about precision engineering. I have always had an insatiable curiosity and an innate ability to pay attention to even the smallest details, which has served me well in my academic and practical pursuits. This has allowed me to excel in my coursework and deliver high-quality projects. My commitment to expanding my knowledge and skillset knows no bounds. I'm always on the lookout for opportunities to further my expertise. I believe that pushing the boundaries of automation technology can bring about significant advancements in various industries. I have completed vacation work at Adept Airmotive, Design International Group and Bosch Service Centre.
