Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Dedicated Technician to protecting individuals and properties from fire damage through comprehensive analysis of existing fire protection methods. Adept at assessing existing preventative procedures and offering tech-based solutions. Specialize in installing repairing updating and maintaining fire prevention systems.

I am a committed, hardworking and reliable Manufacturing Engineer with a strong manufacturing/engineering background and a positive attitude to challenges and opportunities. I have previously worked in busy, fast-paced and challenging environments with a track record of introducing improved methods of manufacture, resulting in reduced costs and increased operational efficiency. I take ownership of my tasks, and I'm willing to go the extra mile to deliver and exceed expectations where possible. My current job role involves supporting production in several areas; therefore prioritising my work activities is a key strength that I have developed.
