

Oripfa Vhugala Monica Mukwevho

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for a permanent job that requires a diploma in electrical engineering. I have a strong foundation in electrical engineering principles and a passion for problem-solving in this field. I am good in analyzing complex electrical systems and developing efficient solutions to optimize performance. I am proficient in using various software tools and programming languages relevant to electrical engineering, such as MATLAB, C/C++, and SPICE.

I have a keen eye for detail and adhere to high standards of accuracy and precision in my work, ensuring quality outcomes. I am a proactive learner, continuously seeking opportunities to expand my knowledge and stay updated with advancements in the field which are all skills I got from my diploma in electrical engineering at central university of technology. I am hardworking and reliable with strong background in operating cash registers, stocking merchandise and keeping areas clean and neat, highly organised, proactive and punctual with team-orientated mentality which are skills I got from working as a cashier at a restaurant.
