Katiana Mendes Brito De Almeida

Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a motivated individual with a keen interest in embracing new technologies. Throughout my academic journey, I have consistently excelled in courses focusing on programming languages, algorithms, and data structures. Demonstrating discipline and initiative, I am adept at working independently while also thriving in collaborative settings, particularly within agile development teams. My strong collaboration skills, coupled with my expertise in coding using contemporary object-oriented languages like Java and C++, position me as a proficient team member in software development endeavours.

Preferred occupation	**Developers** IT, computing jobs
	Software Engineer IT, computing jobs
	Web developer IT, computing jobs
Preferred work location	Cape Town Western Cape

Computer knowledge

ADDITIONAL SKILLS

• Spoken Languages: Portuguese (Native), English (Professional proficiency)

• Microsoft Office: Proficient in Word, Excel, PowerPoint, and Access

• IDE: Visual Studio Code, NetBeans, Android Studio, IntelliJ

• Languages: XML, Python

• Skills: Problem-solving, Teamwork and Collaboration, Adaptability, Professionalism, and Strong

Work

Ethic

Conferences, seminars

• At Eduvos, I achieved a high score on both my research project (2022) and final year project (2021).

• Secretary at Chess Club at Eduvos of Claremont (2021)

RELEVANT EXPERIENCE AND SKILLS

• Strong academic background with a focus on software engineering, programming languages (Java,

C++), and database management.

• Experience working with Java in both academic and personal projects, showcasing proficiency in object-oriented programming.

• Collaborative team member with excellent interpersonal skills, honed through academic projects and entrepreneurial ventures.

• Entrepreneurial experience as a small tuckshop owner, demonstrating business acumen, financial management, and time organizational skills.

PROFESSIONAL DEVELOPMENT

ALX Program in Software Engineering| Online March 2023 – May 2023

GitHub: [KatianaAlmeida]

• Devoted approximately 70 hours per week to the program, fostering a deep understanding of software development and testing.

• Demonstrated commitment and dedication by consistently uploading numerous projects and coursework to GitHub.

• While the course offered immense learning opportunities, I regrettably had to discontinue it due to

the complex demands of simultaneously pursuing my ongoing bachelor's degree at Eduvos.

• Selected projects and coursework from the ALX course can be accessed on my GitHub repository, providing a tangible representation of the expertise and experience gained during this period.

ACHIEVEMENTS

• Collaborated with a team of seven and achieved second place by introducing KwaMe (web application) for the 'Great Kei Unemployment Hackathon' 2022 at Empire Partner Foundation.
