Curriculum Vitae (CV)

What job i'm looking for? My positive points

Im looking to really breakthrough into football. Im tactically aware of the game and can add that element to any business through strategy, being perceptive and being creative.

I love studying peoples strengths and points for improvement and always looking for means to assist them.

Im a hyper aware writer even imagining how every word is received by my audience. Hence i wrote this piece without much punctuation as it comes across a tad bit more friendlier.
