What job i'm looking for? My positive points

To whome it may concern

I am a girl whose grown to be independent at a young age. So I am looking for anything available at this point cause it's been a couple of rough years ever since I finished matric. I am interested in plumbing. I could say I am self appointed plumber at my household so I grew fond of it but sadly I do not have funds to make my dream job come true. The fact that I also do not meet the required subjects to qualify to study plumbing shatteres me everyday but I look on the bright side because I have passed my matric with flying colours and the fact that I haven't given up on striving for success proves that I still have a purpose to fulfill.

So by getting this job ,it would be like starting from point zero to point one. Then I could be able to pay for a security officer school just to kickstart my life .With my salary I could pave my way to my dream career. I urge to be given a chance sir/madam. I won't let you and myself down.

Thank you for your time and consideration I will look forward to hearing from you in the future.

Yours sincerely
