Curriculum Vitae (CV)

What job i'm looking for? My positive points

Any kind of job will do because I'm a versatile person and I adapt to change easily, so any job will do even if I sweat all day long. Personally I like challenges and solving problems and I like to come across new challenges that need teamwork work efforts sometimes because one single mind could never solve every problem. I have an exploratory personality, I like to learn new things and experience new environments because I feel like it is beneficial for my personal growth. I might be your best candidate because I have that go getter spirit, I go an extra mile if there is a certain task that needs my attention even if it's past my operating hours. I'm resilient, Responsible and mostly disciplined .
