I am a professional nurse with midwifery, general, psychiatric and community sciences. I also have dispensing licence , basic HIV, covid 19 vaccination and NIMART certificates. I have been working for the DOH since 2020 to date. I am currently looking for a change of environment , preferably community work.

I provided holistic nursing care to all in need within my scope of practice . I am updated with the current DOH policies and regulations.

I believe you should hire me because i am experienced in alot of units, i am flexible, fast leaner , a good team player and willing to relocate to anywhere around South Africa.
