Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm really open to any job right now because I do need to make an income

My positive attitude is definitely one of my strengths. I have been a restaurant server, a tutor, and a health aide in the past decade, all jobs that require plenty of energy and endurance. I can view a situation from multiple perspectives and empathize with my customers, students, and patients to understand their needs at any given time.

I am a solutions-oriented person and a quick learner. In my role as an electrical engineer, I learned to perform well under pressure when designing equipment because our team would not be able to win a contract unless we produced the blueprints quickly, with as few resources as possible. In these circumstances, I am not afraid to ask questions to figure out the challenge. I do extensive research for every client, so I can be extra prepared.
