Curriculum Vitae (CV)

**What job i'm looking for? My positive points**

Public Works Programme) report, demonstrating my ability to handle both technical and administrative responsibilities with precision.

This experience has broadened my capabilities in land surveying, material handling, drainage systems, and infrastructure maintenance, while solidifying my reputation as a reliable and versatile professional. My ability to manage multiple responsibilities under tight deadlines, coupled with a strong commitment to safety and quality, makes me an asset to any construction team.

Above all, I am driven by a desire to continuously improve and deliver excellence in every aspect of my work. I am confident that my expertise, combined with my dedication to fostering safe and efficient project environments, positions me as a valuable addition to your team. I look forward to contributing to your organization's success with my skills, experience, and unwavering commitment to excellence.

Through my involvement in various projects, I have contributed to activities such as land surveying and road pegging, excavation and backfilling with G5 material, and compaction of layers with paving brick installation. I have also played a key role in kerb installation, V-drain and trapezoidal drain creation, and the construction of kerb channels.

Additionally, I have gained hands-on experience in relocating and repairing water pipes and maintaining sewer lines, which required precision and a commitment to quality. In my capacity as an assistant to the site agent, I supervised excavation works, managed material quantities, and oversaw backfilling operations, ensuring that all tasks met project standards and timelines.

While I am proud of my contributions, I recognize the importance of continuous improvement and remain eager to learn new techniques, embrace challenges, and expand my expertise. I am committed to bringing my dedication, adaptability, and passion for excellence to any team, and I look forward to growing further within the construction industry.
