Curriculum Vitae (CV)

What job i'm looking for? My positive points

1. What job are you looking for?

I am looking for a role in IT support, software development, or cybersecurity. My ideal position would allow me to leverage my technical skills in programming, system administration, and troubleshooting while also providing opportunities for growth and learning in a dynamic work environment. I am particularly interested in roles like Junior Applications Specialist, IT Support Technician, or Software Developer.

2. What are your positive points?

I am a hardworking and adaptable IT professional with strong problem-solving skills. I have experience in both IT support and software development, allowing me to approach challenges from multiple perspectives. I am also a quick learner, always eager to improve my technical knowledge. Additionally, I enjoy mentoring and training others, which enhances teamwork and collaboration in any work environment. My certifications, including Microsoft Security, Compliance, and Identity Fundamentals, demonstrate my commitment to continuous learning and excellence.
