## What job i'm looking for? My positive points

I am freshly out of college (2024), with a level 4 in safety in society. I work well unattended, but i also do better in a group work, i always tend to seek for solutions rather than focussing on the problem.

I am a fast learner, young at heart and in an excellent health and also work well under pressure. I keep my focus on the job for a job welldone. I am a punctual individual and i believe in doing the right thing from get go.

Preferred work location                      Northern Cape
