## What job i'm looking for? My positive points

I am a detail oriented individual who is self-motivated and I love to challenge and improve myself at everyone opportunity that I am presented I like to encourage those that I work with and believe I can also learn from their knowledge and skillset preferable I operate at my optimum when i work on tasks that require independency and I can be a team player when needed. My skillset and experience include:

- 1.Developing SQL relational schemas.
- 2.Comfortably working with agile methodologies such as sprints.
- 3.Writing unit test and refactoring code.
- 4.Agility with modern front-end technologies and React framework.
- 5.Well versed with back-end technologies like Node.JS and Python
- 6.Excellent problem solving and report writing

When I am not entangled in the world of information communication technology or not working I read Fictional books or play console games to unwind.
