Hiring Manager

RE: Application for Security supervisor.

Dear Hiring Manager,

I am writing to express my interest in the Security supervisor/manager position. With over a decade of disciplined military experience, extensive anti-poaching deployments, and certified training in security and emergency response, I am confident in my ability to contribute to the protection and operational integrity of your mining facility.

Throughout my service in the Botswana Defence Force, I have led and executed critical patrol missions, trained junior soldiers in weapons handling and physical fitness, and enforced security protocols in high-risk environments. I hold certifications from the United Nations BSAFE program and the U.S. FEMA Emergency Management Institute, which have enhanced my readiness in incident management, access control, and physical site protection.

Mining operations require a dependable, vigilant, and disciplined presence—qualities I bring naturally from years in structured security environments. I am proficient in surveillance techniques, emergency response, and team coordination under pressure, particularly in night and remote operations. I am also computer literate and fluent in English, Setswana, and Kalanga.

I am enthusiastic about the opportunity to serve your operation with integrity and reliability. I am available immediately and open to relocation or shift-based scheduling. Thank you for considering my application.

Sincerely,

Nyaladzani Mudongo
