Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm searching for a part-time job in the water industry where I can help with water sampling, data collecting, operational or technical support, or any other lab or field-based work. It relates to my studies, I'm excited to obtain practical experience in environmental monitoring, sanitation, and water quality.

I am reliable, hard-working, and eager to learn new things. I work well both independently and in a team. I focus on details, particularly when working with data or samples. I successfully manage my work and school obligations since I am also organised and on time. I am driven to make a significant contribution to each assignment I am given because of my enthusiasm for water management and environmental sustainability.
