Curriculum Vitae (CV)

What job i'm looking for? My positive points

Right now, I'm actively looking for an apprenticeship or entry-level role as a Mechanical Engineering artisan. I'm really drawn to the process of learning how things work in the workshop as an engineer fixing and designing. As a student I have a perspective and a strong desire to learn. I'm excited to absorb the methods, standards, and practical wisdom that you use in your company.
