What job i'm looking for? My positive points

Dear Sir/Madam

The purpose of this letter concerns any part-time jobs which are suitable for a young candidate as myself to indulge into. It includes any retail store labouring, cashier, assistant and other options that are available. This letter serves a representation of any helpful information.

I'm one versatile person, a dedicated student who puts in more effort than what's required. I'm inexperienced but with genuine passion, commitment to learning & ability to digest ideas, any job would be of great value.

Most of all, I'm a critical thinker...with a combination of sophisticated knowledge. An individual that's open minded, eager to learn & selfless. I would really be honoured if an offer is granted to me for these part time jobs, it would certainly go far beyond kindness. As this would be beneficial for my matric year as I am planning on using the funds for the dance.

With gratitude and appreciation please do get back to me hopefully with a positive response of job offers, it would be greatly appreciated.

Kind regards.
