## What job i'm looking for? My positive points

I'm looking for an environment that allows me to grow, be creative and experience pleasure in learning something new everyday. Being able to see results of your own hard work and determination especially when focusing on giving the client a great experience is the greatest compliment in my career.

I've learnt that I'm a person who works exceptionally well under pressure. Who also thrives when it comes to enabling a client's life to be much easier with my services.
