

# Derila Ergo Pillow

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

Derila Pillow is an ergonomic memory foam pillow designed to support the natural alignment of your neck, head, and spine while you sleep. Unlike regular pillows that flatten over time, Derila Pillow maintains its shape and adapts to your sleeping position, whether you sleep on your back, side, or stomach.

The pillow has been developed using orthopedic principles to reduce pressure points, promote proper posture, and improve airflow for cooler sleep. It's especially popular among people suffering from neck pain, shoulder tension, and sleep disturbances.
