

# Nkosana Khumalo

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

I have technician back round and the leadership skills in Project management, I recently lead the team of constructors in Kwazulu natal in the area of Newcastle building water reservoir the size of 20ML. I have Dangerous goods and passengers license EC code 14 License. so in brief i come with lots of expertise and growing up happened to be part to be part of the internship and trained to be truck driver at an earlier age. I was given the chance to be part of the company by the name fast n' fresh delivering perishable goods and further on I happened to work for AECI Mining Explosives initiating systems and blasting services and blasting. I hold the number of projects on fiber optic infrastructures building for Vodacom and DFA and being the project leader holding the position as an Installation liaison officer and worked for MTN still in the field of fiber optic so come with the vast knowledge when it comes to working Environment .Dealing with EPWP workers submitting their work register to the client..
