Curriculum Vitae (CV)

What job i'm looking for? My positive points

After completing matric, I decided to pursue a career in IT. I'm applying for an entry-level IT support role, and I'm excited to learn and grow with a company. In my free time, I volunteer at a local non-profit, helping them set up their computer systems. It's been a great experience, and I've learned a lot about troubleshooting and customer service.

I'm a quick learner and enjoy working with people."
