What job i'm looking for? My positive points

Well I have been doing plumbing for the last 16yrs,I have only ever had two serious jobs.the first is where I learnt the skills of a plumber,worked their for 10yrs(brazer plumbing 2000-2010) didn't do any trade tests though. Left,tried a business on my own,2yrs later,things got tuff. Found a permanent job as in-house plumber at a construction company(ultimate interiors). I did aquire various new skills while working there.ie:site supervising-builders,electricians,carpenters,etc.Basically running small-medium sized projects too. As a plumber I have done installations and repairs for big name business,eg:sun1 hotels,mercure hotels,cnbc news,rmb sandton,most of the malls in jhb. I do possess a lot of hands on experience in different fields,I'm a ambitious,self motivated,hard working,honest,reliable,and humble person. Fun and easy to work with,enjoy sharing the experience with those willing to learn!
