Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a victim of circumstance, it seems as though no position is meant for me, I have had doors slammed at my face constantly, problem is I fail to give in and give up, perhaps you went through the same and can relate. I am a people's person and sociable, a quick accurate learner, positive and innovative thinker, a great team player who is considerate and collaborative. The best way to know me will not be through any telecommunicative form but in person , we tend to lie in what we say, give me the opportunity to prove my worth to you in person and in work.
