Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a law student at Unisa currently working in the mining sector. I'm unhappy with my current job situation as there is no respect towards working class people and I won't achieve my goals with the unreasonable working hours that I set for myself with regard to my studies. I work hard and loyalty is my strongest characteristic. I believe with time and training I will be a great asset to any company or business. My current duties include: typing data, sorting and filling documents, managing a team of 7 workers per shift to obtain company targets, receiving stock, driving to buy general company necessities and assisting the superintendent as he sees fit. My current job description is production assistant
