What job i'm looking for? My positive points

Thank you for taking the time to review my resume. I am applying for the Teaching position because I am looking to use my degree in Computer, The Professional Diploma in in Special Education, in an alternative way to a traditional teaching position.

I have had the opportunities to work with children and adults of all ages and abilities while I was student teaching for Federal College, substitute teaching in local districts, working as a Museum Educator, and as the assistant trainer at a local riding stable.

I am seeking a career that will allow me to continue working with people in many different ways. I hope you will find that I am qualified for the position you are trying to fill.

If I can provide you with any further information on my background and qualifications, please let me know. I look forward to hearing from you. I can be reached at +2348036317517 or via email at franceday4u@yahoo.com

Again, I appreciate you taking the time to review my resume.
