Curriculum Vitae (CV)

What job i'm looking for? My positive points

I kindly apply for an employment as a GIS and Remote Sensing technician or an Environmentalist. I completed my degree in Geography and Environmental Management at the University of KwaZulu-Natal, (UKZN). It is where I did Geography, Environmental Management with GIS and Remote Sensing modules as my major modules. I also did full time practicals in GIS and Remote Sensing

I am a dedicated individual, who is focused and always willing to listen to other people's point of views. I also fully engage myself in hard work with care and I critically think before I make any decision in my work and in any situation, even when working in a group. Attached is the Statement of Degree Completion from the university, my Curriculum Virtue, Credit Certificate and a motivational letter from the Head of Department of my faculty (HOD). I am currently waiting for the certificate, which I will only get after the graduation that will occur next year on March 2017.
