Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a hard worker, I love working with people as I have volunteered as an Outreach-worker last year 2015. I follow-up people who survived with chronic illness. I tried to give them a hope and as well as to rebuild their esteem. I have Computer and I trained as a Firstaider. In 2 years later I worked as a Caterer in Butterworth. I have passed grade 11. I applied for this job because I am desperately for it and I am fit for this position. The most important thing I learn as an Employer is it is important to keep time more especial when you work with people. Lastly I have respect to my Manager and my staff, customers come first to me.
