What job i'm looking for? My positive points

Hi this is Phumeza Boyana 38 years of age .I am currently residing in Mdantsane in East London.I am currently working as a receptionist at the surgery .I am good at my job because my previous manager where I was working in a warehouse told us we must learn everything in the warehouse so that if one of us is absent we cover for that person.My duties where I am working at the present moment are cleaning the surgery before seeing the patients because I am the only one working here then when I am done cleaning I take patients details then after that I pack medication and when the doctor arrives I help him when consulting the patients.when we are done with a patient I give out medication to the patients and note them down on a register book and do the filing.I confirm funds and making claims in medical aid .I make calls and receiving them.So I do this on a daily basis.
