Curriculum Vitae (CV)

What job i'm looking for? My positive points

Am a lady of her words who is working as a supervisor and from when I was doing my diploma. The company I did experiential training with also recommended me as I am a hard worker. I also work with minimal supervision. Working with only man as a lady never gives me a problem. My weakness is that sometimes I become selfish to my family since I will spend more time with my books trying to get current information about farming. I worked with sugar can, citrus, subtropical fruits and nursery doing drafting hands on. Now working in the garden and maintaining Lodge working in.
