Curriculum Vitae (CV)

What job i'm looking for? My positive points

I can work as a shop assistant and a cashier at the same time. I serve the customers while I ensure that the shop is in good condition so tht the customers will get what they need. Talking with customers in a good attitude make them free to speak their mind and at times they have a good point. Even when they are criticising, I always take that as a compliment because at the end of the day that could give me an idea of creating something new out of it
