Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a CA (SA) with more than 21 years Financial Management experience in commerce, including 3 years of human resources management and some exposure to IT management.

Most of my experience was gained in medium to big sized companies within groups; some groups can be seen as large locally, while others were owned internationally.

As a career driven individual I enjoy getting involved with operational matters & business issues, as and when required; finance should always add value strategically.

I can definitely add value to any organisation through logical & "big picture" thinking, over and above the financial knowledge & technical skills that you can expect.

Depending on the opportunity & prospects, I am willing to relocate in SA and anywhere in Africa, although I have spent most of my career in Johannesburg.
