Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a very energetic and positive person. Motivating and uplifting people is what i like to do. Even though i have a certificate in Horticulture and have worked most of my life in that industry, i have other skills where it comes to nature or to gym. i have found that it does not matter which industry your career is in, management stays the same and how you live your life and touch others is important. Being healthy and fit as been a priority in my life, healthy body is a healthy mind. I will be relocating to Port Elizabeth end of August and would be open for interviews
