What job i'm looking for? My positive points

Having attained most of the career goals that I have previously set myself; I am now keen to expand my professional ability and seek new challenges in the field of accounting and I wish to pursue my career in accounting and plan to become a chartered accountant in six years times. I completed my Accountancy degree with good result and I am greatly excited by the prospect of being able to use this knowledge, along with my natural passion for number crunching, to become a valuable member of your team.

One of my strongest points is myself-motivation which allows me to perform well under pressure and against aggressive deadlines in any pressurized environment. Being analytical thinker I am able to quickly identify, scrutinise, improve and streamline complex work processes and I am adaptable, dependable, teachable and a hard worker.
