Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am a 38 year old South African citizen male. I'm interested in general jobs which is what i have been exposed to in the past years, as operator CNC machine. I have a code 10 drivers license with pdp. I wish to secure a driving job as well which is what i have been doing in the past 7 years experience, having obtained my license since 1999.

I am an honest person, motivated and enthusiastic in anything that i put my mind on. Time is of essence, which is what will be my priority when given an opportunity if hired. I like to incorporating myself to the vision, mission and plan of a company that i find myself in, by executing exactly the duties given to me.

If i may be hired i will give 110% of my effort paired with excellence.

I hope you find this is in order. Thank you

Yours faithfully
