Curriculum Vitae (CV)

What job i'm looking for? My positive points

I've now unemployed and been retrenched from my previous employer Kopanang Gold Mine Orkney due to operational requirements. I've been working in the mining sector for many years in different environments.

In my live time career i'd learned and practiced many skills and experience as a electrician.

I have the ability,willingness and loyalty to perform any given task with compassion and stability to proof my interest in respect to deliver a good service not for my own benefit but for the employer.

Skills that i obtained with previous results includes high tension reticulation,various switch gear operating,installation work,cable jointing and termination,phasing and switching,protection and metering identifying and operations.Other skills and experience are motor protection,new era battery locos controls,fault finding and repairs on AC and DC machinery,control panels with safety devices,instrumentation equipment,maintenance and repairs on winder controls,belt levels,loading stations,low voltage(550v and below)equipment inspections,fault finding and repairs.

Additional skills are residential and commercial electrical wiring ,identifying components and repair work.
