## What job i'm looking for? My positive points

I wish to be a property developer or work in a Real estate industry. then it maybe any work that I can do there. I think marketing will do just fine to me or working in an estate agent. I like to work as a team so i believe that promoting or marketing is about working together to advertise product to customers and create positive image to the public. unity is what bring people together to achieve better goals so according to my thoughts work that involves lives, people makes you to learn and develop skills on how you must behave around people.
