What job i'm looking for? My positive points

I am looking for any job, I am a people's person very good with sales, I have worked in an office, on the streets and in a car garage. Where I work doesn't bother me as long as we are getting work done I'm good. I'm a very ambitious person I started my own company with a friend in 2014 we ran it successfully until now it's still operating but I left late last year for personal reasons. I love new challenges as I feel that is the only way to grow. My English is very very good as I'm a book reader, I read a new book every month, that's because I always try to grow my knowledge. I'm currently reading think rich and grow rich by Napoleon Hill.
