What job i'm looking for? My positive points

I am looking for a job in Civil Engineering, since I have been studying Civil Engineering. I have a NCV Level 2 Civil Engineering certificate. I am still studying, though schools will be closing for December holidays my goal was to at least find a job for the next 2 months December & January.

I am willing to start working. Honestly, I am truly a hard worker. I am also a fast learner. I truly need this job and I also have a valid Driver's license code 10.
