Curriculum Vitae (CV)

What job i'm looking for? My positive points

I am looking for electrical related placement/job to get as much exposure and practical experience in this related field.

During placement I am encouraged to be involved in as many projects, in order to build my portfolio since I did (N1-N6) from TVET COLLEGE, a portfolio which will be attached to my application for diploma and the CV when seeking employment.

since the placement is compulsory part of the diploma, without which i will not able to graduate, I am urging you to consider my request. I need experiential learning for a minimum period of Twenty-four (24) months.

I appreciate your commitment and value your contribution towards education and training.
