Curriculum Vitae (CV)

What job i'm looking for? My positive points

Dear Sir/Madam

My name is Asamkele Noel Ndzabe. I hold a BSc degree majoring in both Geology and Economics. As an aspiring Supply Chain and Operation Manager, with a Post Graduate qualification in Business Administration, I believe that my thirst for knowledge makes me a perfect fit to a company looking for a result orientated and hard working individual with great interpersonal skills. Also given the skills, knowledge, and experience outlined on my resume, I believe I will add long lasting value to your organisation.

I acquired various work experiences from a number of student jobs. Through these, I was able to improve my soft and technical skills such as leadership, teamwork, flexibility and Microsoft word skills. From the various work experiences expressed on my resume, I was able to develop exceptional administrative, problem-solving, and communication skills. The University course work also prepared me to be an important asset to the company. My curriculum exposed me to disciplines such as Supply Chain and Operation Management, Computerized Accounting, Digital Marketing and Human Resources. Amongst these, I developed a special interest in the Supply Chain and Operations discipline. I found this discipline interesting because of its unique attempt to assure Organisational competitiveness.

I believe I would make an excellent addition to your team. An internship or training position in these fields would help me grow my real-world experience in the Supply Chain and Operation Industry and help me further develop and refine my professional career. I am looking forward to hearing from you so we can discuss how I can add value to your organization.

Yours Sincerely

Asamkele
